## TRAINING OF TRAINERS (ToT)

### GENERAL CONCEPT

The TOT's days have a basic structure: in the morning the experts give lectures focusing on the main topics of the day, while in the afternoon the team of trainers offer a series of tools, such as curriculum, useful materials and practical exercises that can be applied to the upcoming project's activities. The tools are based on the Toolkit and are complementary to the morning focuses. Some experts are identified among Partners' staff.
