

Year: 2019/2020

Project title: M.A.P. - WORLDS, ALPHABETS, PEOPLE

Leader: Municipality of Novellara

Project description:

The M.A.P. project intends to promote a cultural exhibition raising awareness and involving citizens by creating opportunities for discussion and dialogue on questions such as: links, relationships, identity, belonging, future development scenarios, sustainable prospects. M.A.P. - Worlds, Alphabets, People is the opportunity to orient oneself, to stop and reflect on the current situation, to look beyond with a mix of creativity, innovation and planning. It tries to build a systemic vision that highlights the good practices that can be implemented at a local level compared to a period of great crisis at a global level, he intends to try to understand and look for possible ways out, new paths to follow and new horizons .

The project is aimed at constructing an inclusive and sustainable network of associations, cultural aids, public and economic entities, at satisfying the needs for relational growth and at stimulating the society's integration and confrontation through the sharing of a path of mutual knowledge, cultural growth and active involvement.

The project starts in December 2019 and ends in the following six months, promoting conferences, debates, performances, exhibitions and shows, together with the partners in order to enhance the local community, its synergies and composite identity.
