### Business Matchmaking (Feb 25, 2022)

So far project partners have only worked within their WP teams and due to a lack of physical meetings, an interaction with other partners (outside the WP teams) has been difficult.

The networking session on Feb 25, 2022, shall therefore enable a professional exchange among participants with common interests and competences. The LOWINFOOD participants are therefore linked to each other in small groups.

LOWINFOOD has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 101000439.
