

## Action E.6: Final workshop

### *Deliverable: Gadgets: canvas bags, magnets and USB pens*

During the last year of the project, a dissemination event and a final conference were organised focusing on the topic of saproxylic insect conservation with special reference to beetles and odonates and species *Osmoderma eremita*, *Rosalia alpina*, *Graphoderus bilineatus* and *Coenagrion mercuriale*.

1. **Dissemination event** “Facciamo festa!” on 28<sup>th</sup> of May, organised at Giardino Botanico of Valbonella, Santa Sofia (FC) for students, children and citizens.
2. **Final conference** on the 10<sup>th</sup> of June organised at DAMSLab (BO) for researchers, project managers, GEVs, entomologists, technicians, civil service volunteers, GAE guides, students and PhDs, from a variety of institutions.

The following gadgets were produced for distribution at these events:

- N. 1000 USB pens (E7)
- N. 99 Capes (E6)
- N. 300 Bags (E6)
- N. 800 Magnet included in the educational kit (E7)
- N. 500 Magnifying glass (E6)
