On 22nd February, the Interreg MED Programme is holding a seminar for candidates interested in applying for the 2nd call for proposals. The objective is to brief potential partners with detailed information on what the Programme expects in terms of project content and how to go through the application procedures, project eligibility and quality issues, among other relevant aspects.

Prepare your notes and project ideas, this is an excellent occasion to exchange with the Programme Joint Secretariat and find partners. You can also look for partners or publish project ideas on the Interreg MED Community forum at interreg-med.eu/en/med-community/.

The call will be restricted on different levels, and for this reason we strongly advise you to carefully read the Terms of Reference and all the documents related to the call that will be published on the Programme website at www.interreg-med.eu.

The call will open on 30th January 2017 at noon and close on 31 March 2017 at noon (Paris time). So prepare your applications as soon as you can.
