

First Level Controller Certificate – ERDF¹

Interreg MED Programme

The FLC certificate is the document to be filled in by the approved FLCer containing the results of the checks carried out during his/her control². FLCer is responsible for verifying expenditure declared by the controlled partner based on the verifications carried out according to article 23 of (EU) No 1299/2013.

The FLC certificate is composed by a FLC commitment signed by the approved FLC, a checklist, several financial tables and the list of expenditures included in the relevant FLC certificate.

The FLC certificate is filled in via the on line monitoring tool of the Interreg MED Programme, Synergie CTE. Each FLCer has personal login information that allows him/her to have access through the system to the controlled partners. The FLC certificate must be validated on the system, printed, signed and stamped by the approved FLCer. The partner must keep the original document in its premises (for more information see the Programme Manual). A scanned version of the signed document has to be uploaded in Synergie CTE in order to be included in a payment claim by the Lead Partner.

The FLC must compile the results of aforementioned verifications in the present FLC certificate in order to provide the project partner and the Interreg MED Programme Authorities with information on the control work carried out, the errors detected, the conclusions drawn and the recommendations and follow-up measures identified.

This FLC certificate refers solely to the partner identified and does not constitute a confirmation of the controlled entity's concerning other statements or its general accounts.

The controlled partner is responsible for the preparation of the documents needed for the FLC verification according to the audit trail principles outlined in the Programme Manual.

When the national FLC system foresees it³, the present FLC certificate must be checked by the relevant National Authority before inclusion in a payment claim by the Lead Partner.

2. First Level Controller commitment

I, the undersigned < *Name of the First Level Controller – pre-filled in by Synergie CTE* > in my capacity as first level controller of the partner < *Name of the partner – pre-filled in by Synergie CTE* > of the Interreg MED project < *Acronym of the project and MED identification number – pre-filled in by Synergie CTE* > and based on the documents provided and my verification and professional judgement, certify that:

- a. Expenditure is in line with European, Interreg MED Programme and national eligibility rules and complies with conditions for support of the project and payment as outlined in the Subsidy Contract;
- b. Expenditure was actually paid with the exception of costs related to depreciations and « simplified cost options »;
- c. Expenditure was incurred and paid (with the exceptions above under point b) within the eligible time period of the project and was not previously reported;
- d. Payment of staff costs is proven on the basis of payslips or documents of equivalent probative value;
- e. Expenditure based on « simplified cost options » (if any) is correctly calculated and the calculation method used is appropriate;
- f. Expenditure declared on the basis of eligible costs actually incurred is either properly recorded in a separate accounting system or has an adequate accounting code allocated. The necessary audit trail exists and all elements were available for inspection;
- g. Expenditure in currency other than Euro was converted using the correct exchange rate;
- h. Relevant EU/ national/ institutional and Interreg MED Programme public procurement rules were observed;
- i. EU and programme information and publicity rules were observed;
- j. Co-financed products, services and works were actually delivered;
- k. Expenditure is related to activities in line with the approved Application Form and the Subsidy Contract.

II. Based on the documents provided, my verification and my professional judgement as a First Level Controller, I have NOT found any evidence of:

- Infringements of rules concerning sustainable development, equal opportunities and Non-discrimination, equality between men and women and state aid;

- Double-financing of expenditure through other financial source(s);
- Generation of undisclosed project-related revenues;
- Fraud or corruption.

III. I hereby confirm that the verification of the project financial report was done precisely and objectively.

The total declared expenditure by the beneficiary amounts to < *pre-filled in by Synergie CTE* > of which the total confirmed eligible expenditure amounts to < *pre-filled in by Synergie CTE* >. This amount is free from any reservation casting doubts on its eligibility.

The control work has been documented in a control checklist, which is an integral part of the present FLC certificate and it is based on the Interreg MED Programme template serving as minimum requirements.

I and the institution/department I represent are independent from the project's activities and financial management, and authorised and qualified to carry out the control in respect of the national control requirement valid in the participating country on whose territory the partner is located.

4.2 VAT status (declared in the application form)

FLC is asked here to verify the VAT status declared by the partner in the Application Form based on the application of national VAT legislation; as well as the inclusion of VAT as a project cost. FLC is entitled to request any national document or form that proves the VAT status to be applied by the partner for the activities implemented in the framework of the project.

According to article 69 (3) of Regulation (EU) N° 1303/2013, VAT is not eligible except where it is non-recoverable under national VAT legislation.

In practice, based on the VAT status declared the treatment of the VAT should be the following one:

⇒ **YES:** Partner CAN recover the VAT; in consequence, VAT is not eligible. FLC must check that expenditures claimed by the partner are reported without VAT. If expenditures are included in the system with VAT, FLC must reject the VAT of each concerned expenditure.

⇒ **PARTIALLY:** Partner can recover the VAT partially; in consequence, the part of the VAT that is recoverable is not eligible and the part of the VAT that cannot be recovered is eligible. FLC must check that expenditures claimed by the partner are reported only with the non-recoverable VAT (amount excluding tax + non-recoverable VAT share). If expenditures are included in the system with VAT, FLC must reject the part of recoverable VAT of each concerned expenditure.

⇒ **NO:** Partner CANNOT recover the VAT; in consequence, VAT is eligible. Partner is entitled to claim expenditures with VAT.

<p>The partner organisation is entitled to recover VAT based on national legislation for the activities implemented in the project.</p> <p><i>Pre-filled by Synergie – based on application form.</i></p> <p><i>If the status declared by the partner in the application form is not correct, kindly ask the concerned partner to contact the Joint Secretariat and its Lead Partner in order to correct the Application Form.</i></p>	<p><input type="checkbox"/> Yes</p> <p><input type="checkbox"/> No</p> <p><input type="checkbox"/> Partially</p>

⁶ (a) Interest on debt, except in relation to grants given in the form of an interest rate subsidy or guarantee fee subsidy; (b) the purchase of land not built on and land built on in the amount exceeding 10 % of the total eligible expenditure for the operation concerned. For derelict sites and for those formerly in industrial use which comprise buildings, that limit shall be increased to 15 %. In exceptional and duly justified cases, the limit may be raised above the respective aforementioned percentages for operations concerning environmental conservation.

⁷ (a) fines, financial penalties and expenditure on legal disputes and litigation; (b) costs of gifts, except those not exceeding EUR 50 per gift where related to promotion, communication, publicity or information; (c) costs related to fluctuation of foreign exchange rate.

⁸ Contributions in the form of provision of works, goods, services, land and real estate for which no cash payment supported by invoices or documents of equivalent probative value has been made. No to be confused with own contribution, for more information see Factsheets of the Programme Manual «Partners co-financing and location of project activities » and « Eligibility of expenditures – Non-eligible expenditure ».

⁹ Shared costs derive from activities carried out by one partner whose costs are covered by more than one project partner. Costs sharing systems are forbidden within the Interreg MED Programme. For more information see Factsheet of the Programme Manual « Eligibility of expenditures – Non-eligible expenditure ».

4.6 On-the-spot verifications (to be filled in in the case of on-the-spot verifications)

This chapter is to be filled in only in the case the FLCer performs an on-the-spot verification. On-the-spot verifications are performed by the controller on the premises of the beneficiary as well as in any other place where the project is being implemented.

The on-the-spot verification allows to check the existence and delivery of goods and services especially with regard to cost items referring to the budget lines *equipment* and *external expertise/services* costs as well as to check the accuracy of the management system put in place in each partner structure and the existence of accounting documents forming the audit trail.

Furthermore, on-the-spot verifications should check the existence and effective functioning of an accounting system on the level of the controlled beneficiary.

The Interreg MED Programme highly recommends performing an on-the-spot verification at least once during project's lifetime and without waiting until the project's closure unless the concerned Participating State rules indicate differently in the national control system.

Furthermore, on-the-spot verifications are compulsory on those beneficiaries realizing investments in *thematic equipment* with a value of more than EUR 2.000 per cost item and/or any investment in *small scale investment*.

Verification	Yes	No	N/A	Comments

<p>12) Staff costs related to staff working part-time on the project, with a flexible number of hours and an hourly rate calculated on the basis of 1720 hours (Method C), are declared. <i>If there are no staff costs reported using the Method C, kindly answer N/A to this question. If the answer is Yes please answer as well questions number 15, 16 and 17.</i></p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>13) Staff costs related to staff working on the project, staff working with an hourly rate agreed in the employment/work contract (Method D), are declared. <i>If there are no staff costs reported using the Method D, kindly answer N/A to this question. If the answer is YES please answer as well questions number 16, 17 and 18.</i></p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>14) In the case of staff working part-time on the project with a fixed percentage (Method B), the fixed percentage of the gross employment cost declared is in line with the fixed percentage established in the job description declaration of each employee and is correctly calculated. <i>If there are no staff costs reported using the Method B, kindly answer N/A to this question. The percentage to be applied has to be included in the job description declaration of the staff member.</i></p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>15) For the staff working part-time on the project with a flexible number of hours worked on the project (Method C), the hourly rate is calculated by dividing the latest documented annual gross employment cost by 1720 hours (Article 68(2) of Regulation (EU) No 1303/2013) and it is documented. <i>If there are no staff costs reported using the Method C, kindly answer N/A to this question.</i></p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>16) When needed (Methods C and D), the number of hours worked on the project is documented in a time registration system (e.g. time sheet). Time sheets are available and signed by the employee and his/her supervisor. <i>If there are no staff costs reported using the Methods C and D, kindly answer N/A to this question. Verify that the time sheets of persons claiming staff costs show 100% of the work of the person and the following conditions are respected:</i></p> <ul style="list-style-type: none"> ▪ <i>A time sheet is filled in separately for each employee involved in the project;</i> ▪ <i>The time sheet Indicates the number of monthly hours worked for the project;</i> ▪ <i>The time sheet states briefly the activities performed within the project;</i> ▪ <i>The time sheet is signed by the employee and his/her supervisor.</i> 	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>17) If a person works in several projects financed by the Interreg Programmes or other sources of funding (European/national/regional), it is ensured that the total number of working hours and/or the addition of the different fixes percentage (depending on the method used for each member staff) declared does not exceed the total eligible working time of the employee (no double-financing).<i>FLC is asked to verify that the partner has set up a mechanism to avoid reimbursement of same expenditure by multiple means of financing (EU, national, regional, other). And to confirm that, based on the checks performed, there is no evidence that staff costs are claimed twice by the partner. (E.g. Stamp of the payslip with the number of hours/percentage declared in each project; if using variable number of hours, timesheet including hours devoted to other projects too; if using percentage of involvement for each project, document including the percentage allocated to each project (addition cannot exceed 100%); if using both methods in different projects, inclusion in the timesheet of the percentage of involvement and allocation of hours left;</i></p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

etc.).			
18) For the staff working with an hourly rate agreed in the employment/work contract (Method D), the hourly rate is clearly identified in the employment/work contract. <i>If there are no staff costs reported using the Method D, kindly answer N/A to this question.</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
19) It is reasonable to assume that claimed staff costs are adequate in quality or quantity to the realised deliverables and outputs as foreseen in the approved application form. <i>FLC is asked to confirm that, based on the checks performed, there is no evidence that the claimed staff costs declared by the partner are not adequate in quantity or quality to the development of the activities reported by the partner. In consequence, it is reasonable to assume the appropriateness of the expenditure.</i> <i>If the FLC answers YES to this question, no further action has to be undertaken.</i> <i>If the FLC answers NO to this question, amounts exceeding what would be reasonably adequate shall be rejected by the FLC and a compulsory comment should be included in the comment box.</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
20) In the case of natural persons working under work contracts considered as employment contracts of the partner organisation), the three following conditions are respected: <ul style="list-style-type: none"> ▪ The person works under the beneficiary's instructions and, unless otherwise agreed with the beneficiary, on the beneficiary's premises; ▪ The result of the work carried out belongs to the beneficiary; ▪ The costs are not significantly different from those for personnel performing similar tasks under an employment contract with the beneficiary. <i>Taking into account that the national regulation on this issue might be different from country to country, the Programme does not provide a generally applicable definition of the terms used. Partners are required to clarify this according to national law and their institutional regulation, as well as with their FLC, and report the conclusions to the JS before claiming such expenditures.</i> <i>FLC is asked to check the situation has been clarified at national level and communicated to the JS.</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

4.13 Compliance with public procurement rules - List of outsourcing contracts

Errors in public procurements are among the most frequent in INTERREG projects. For this reason, contracts must receive special attention on the side of controllers.

The detail of the outsourcing contracts over **EUR 500** declared by the partner is in Synergie CTE. Here below, a synthetic table summarises the main information of each contract related to expenses included in this certificate.

The applicability of the contracts rules depends, among others, on the legal status of the awarding institution. For further information, please see the Factsheet of the Programme Manual « Public Procurement ».

The questions related to the compliance with public procurement rules concern all the contracts related to expenditures of the FLC certificate. The certification of the expenditure related to each contract implies the validation of the contracts and the confirmation that EU, national and programme rules have been applied correctly. If these rules are not met for at least one contract, please answer NO to the relevant question and give detailed information about the relevant contract in the comments section, highlighting every criticism detected.

¹⁷ According to Annex XII of Regulation (EU) No 1303/2013.

4.16 Compliance with other EU rules (horizontal principles, state aid and net revenues)¹⁸

FLC is asked here for a professional judgement as a controller based on experience and training, but not for an expertise of EU policies on sustainable development, equal opportunities and non-discrimination, equality between men and women, or state aid. FLC is asked to confirm not to have come across anything that raises a doubt that the EU horizontal principles have not been respected.

It is important to highlight what the professional judgment is based on, such as reported activities compared to the application form or partner confirmations obtained on these matters or insights gained during an on-the-spot check, interviews with the project partner or further internal documents that the partner provides.

Verification	Yes	No	N/A	Comments
<p>1) The FLC confirms that there is no evidence that the project activities do <u>not</u> comply with the EU horizontal objectives of sustainable development, according to articles 4 and 8 of Regulation (EU) No 1303/2013.</p> <p><i>Activities implemented are in line with the application form (section C.4.1) and do not raise any new issues.</i></p> <p><i>If this is confirmed, please answer YES.</i></p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<i>Text.</i>
<p>2) The FLC confirms that there is no evidence that the project activities do <u>not</u> comply with the EU horizontal objectives of equality between men and women and non-discrimination, according to articles 4 and 7 of Regulation (EU) No 1303/2013.</p> <p><i>Activities implemented are in line with the application form (section C.4.1) and do not raise any new issues.</i></p> <p><i>If this is confirmed, please answer YES.</i></p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<i>Text.</i>

4.17 External co-financing

In the case of partners foreseeing external co-financing, a follow up of the received external co-financing (public or private) is needed in order to ensure that that addition of the ERDF/IPA and the external co-financing received is coherent with the eligible expenditure.

Concerned partners are asked to update this information in Synergie CTE as soon as they would receive any external co-financing.

Those questions are not relevant for partners using own co-financing. In that case, FLC is asked to answer N/A to all questions.
